

# Jonathan Rise

FRONT-END DEVELOPER

## ABOUT ME

I am a Front-End Developer with over 5 years of experience specializing in modern web development and UI design. Proficient in React, JavaScript, and Next.js, I also have experience with Flutter and React Native, allowing me to deliver dynamic, responsive, and cross-platform applications.

I'm passionate about continuous learning and staying ahead of industry trends, with a strong focus on building scalable, user-friendly, and visually appealing solutions. I value teamwork, creativity, and adaptability, bringing energy and enthusiasm to every project.
